

CLASSROOM Scavenger Hunt

NAME: _____

- ☐ I'm filled with colors, short and tall,
Grab one when you want to draw!
- ☐ You sit in me when class time's near,
I'm right behind your bottom here!
- ☐ I'm where you sit to write and read,
with pencils, books, and all you need!
- ☐ I have two hands and numbers too,
and tell you when the day is through!
- ☐ Find a tale or learn a fact,
I'm where the stories all are stacked!
- ☐ If your pencil makes a goof,
I can make that mark go poof!
- ☐ I'm not for hair or cutting grass,
But I can slice through paper fast!
- ☐ I'm sticky and gooey and hold things tight,
I help your projects turn out just right!
- ☐ I tell you what comes next each day,
From morning work to time to play!

- ☐ I'm soft and flat and on the floor,
We gather here to learn and more!
- ☐ I write on boards both big and small,
Then with a wipe, I'm gone—that's all!
- ☐ I keep your papers in a row,
Flip through me to see your knowledge grow!
- ☐ I hold supplies all neat and small,
Open my lid and you'll find them all!
- ☐ I open and shut and might creak too,
I hold your coat and your lunch box too!
- ☐ I'm the place where papers go,
Turn them in so your work will show!
- ☐ I hold the day, the month, the year,
Check me to know when breaks are near!
- ☐ I help the teacher plan each day,
With notes and lessons on display!
- ☐ If you sniffle, sneeze, or have to blow,
I'm the box you'll need to know!
- ☐ I keep your work in one neat place,
With pockets inside—just in case!

- ☐ I'm filled with words both big and small,
I help you spell and read them all!
- ☐ A little squirt, then rub around,
I help keep germs from being found!
- ☐ When your pencil's dull and not so great,
I help the tip get sharp and straight!
- ☐ They're on the wall for all to see,
And are meant to be followed by you and me.
- ☐ I list the tasks that we need to do,
To keep our class neat and just like new!
- ☐ Paper scraps, wrappers, and crumbs
I'm always happiest when I'm filled with some!
- ☐ You stack me up and can knock me down,
But if I fall over, please don't frown!
- ☐ I come in pieces, not too small,
Put me together—you'll have a ball!
- ☐ I hold your workbooks, papers, and more
Keeping them together is my main chore.
- ☐ I have a screen and keys to tap,
From games to learning—I help with that!
- ☐ I help you count by ones and tens,
With little cubes and long stick friends!
