Help the snowman get to the sled!

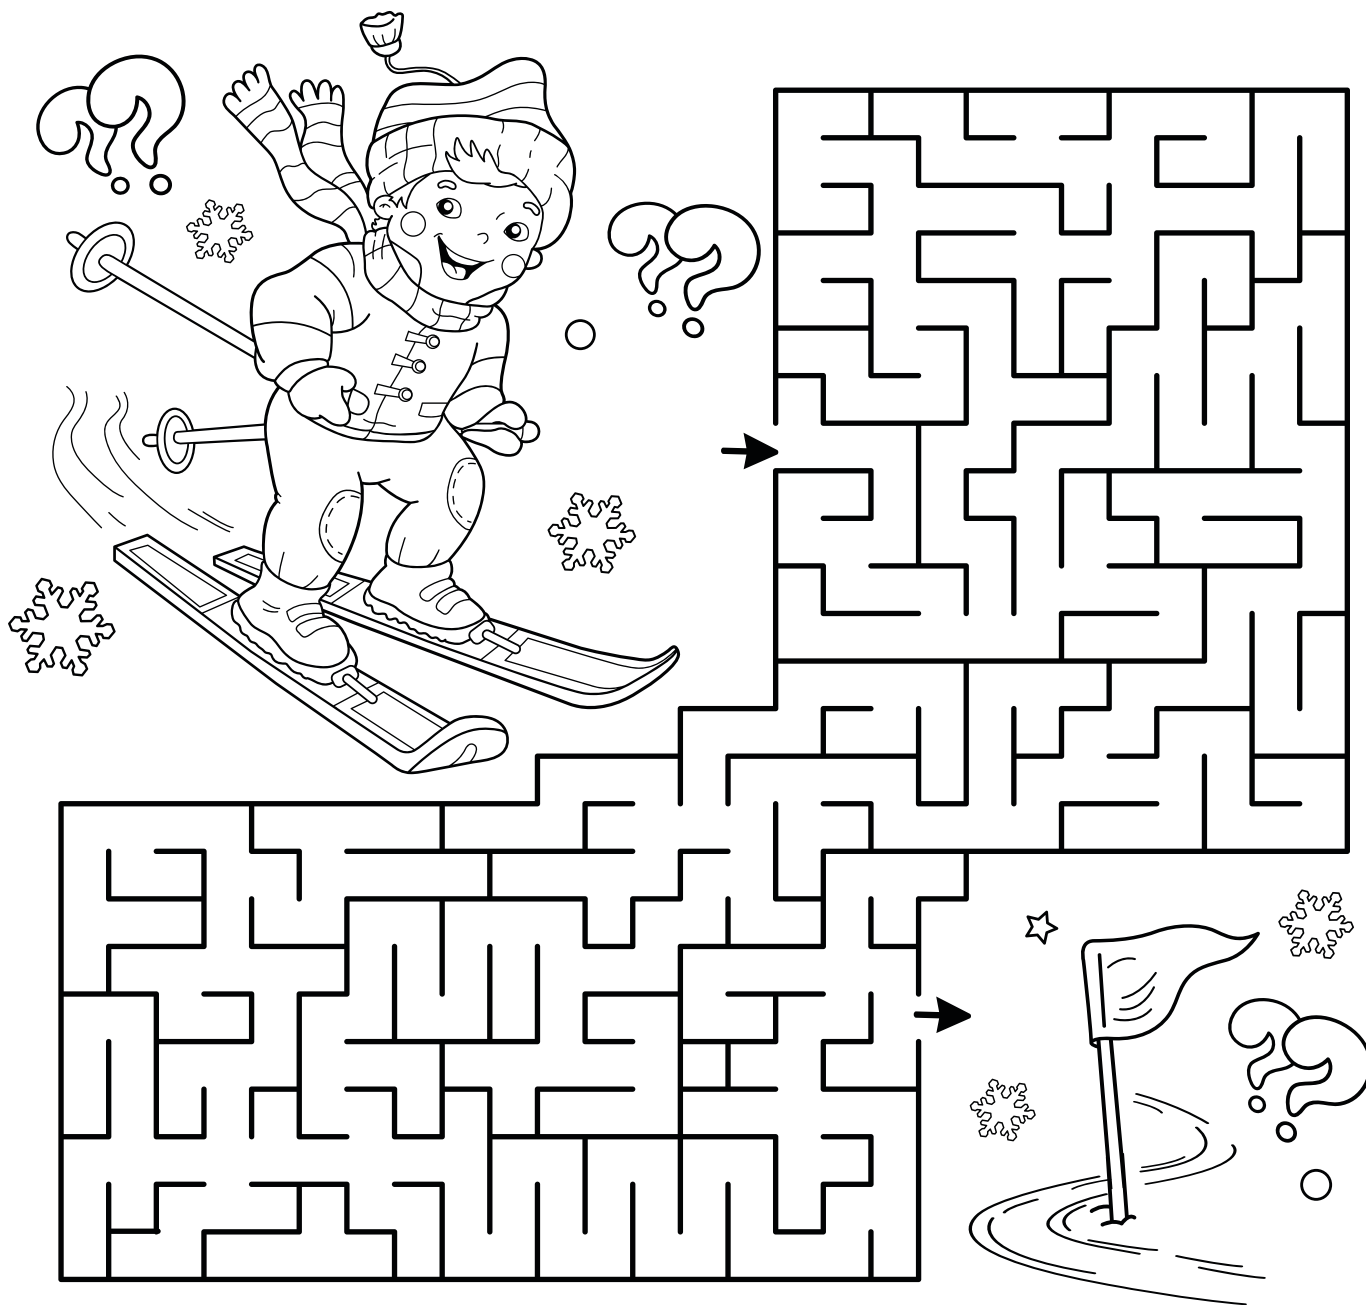

A black and white line drawing of a winter scene. In the foreground, a young girl is ice skating, wearing a winter hat with a pom-pom, a striped sweater, and ice skates. She has a question mark above her head, suggesting she is confused or lost. To her left is a large, complex maze. Above the maze, there is a smaller, simpler maze. In the background, there are evergreen trees, a snow-covered hill, and a question mark, indicating a path or a mystery to be solved. The entire scene is designed to be a coloring page for children.
