

# Name \_\_\_\_\_

**Math**  
two-step word problems

Read each word problem. Write a number sentence for each step. Draw pictures if you want. Then, write the answer to the problem.

Maria had 14 seashells and found 14 more. She gave 10 away to her sister. How many seashells does Maria have left?

Step 1

Step 2

\_\_\_\_\_ seashells

Tai had 15 stickers, but she lost 3 of them. She got 12 more at the store. How many stickers does she have now?

Step 1

Step 2

\_\_\_\_\_ stickers

Did you draw a picture? Why or why not?
