

Name \_\_\_\_\_

**Creatable**  
Make a Rainstick

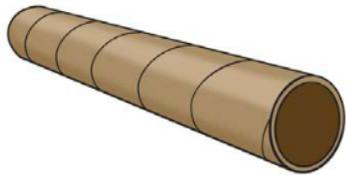

A rainstick is a percussion instrument from South America. It sounds like falling rain!

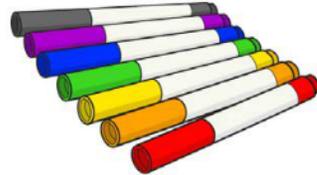

**What You Do**

- Color a cardboard tube.
- Make a spiral shape out of foil.
- Put the foil inside the tube.
- Set the tube on a piece of paper.
- Trace two circles. Have an adult help cut them out.
- Tape a paper circle to the bottom.
- Pour 1/4 cup rice inside the tube.
- Tape a paper circle to the top.
- Turn the rain stick upside down.
- Listen to the falling rain!

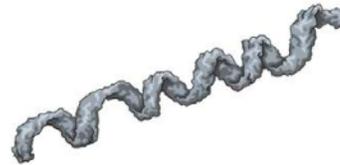

**What You Need**

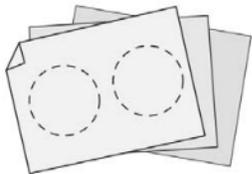

cardboard tube

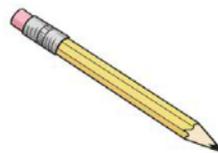

markers

tin foil

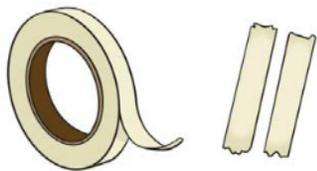

paper

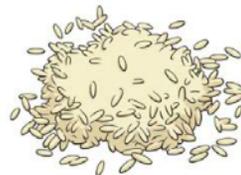

pencil

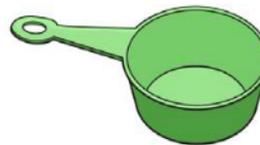

scissors
